1/ Due to the unusually harsh winter of 2013, please note that some entries were replanted in spring/summer 2014 at selected locations (see next page).

PLEASE NOTE:

Due to the unusually harsh winter of 2013/2014, some location experienced severe winter injury. This injury, which did not allow all entries sufficient opportunity to fully establish, led NTEP to make the decision to replant some or all entries at selected locations. This unprecedented decision was made after careful consideration and consultation. The following locations requested plant material for replanting, which was accomplished in late spring or summer 2014. Therefore, please consider 2014 data from these locations with these considerations.
